We are here to help Clay City, the Surrounding Country and Ourselves.

J. E. Burgher, Publisher.

VOL. XI.

CLAY CITY, KY., THURSDAY, JANUARY 11, 1906.

NO. 2.

Notice.

All persons indebted to this paper are kindly requested to pay up as the publisher is anticipating a business venture that will require all the money owing us and more too. We have several hundred dollars out on job work, advertising and subscription, which is small to the different persons who owe such indebtedness, but if all paid in would be much to us. Start the new year right by owing the printer nothing.

False Alarm.

Some excitement was produced Saturday night when the alarm of fire was sounded, and a blazing light was seen in the Methodist church. In making preparations for the evening service, fires were started in both stoves, and before the congregation began to assemble, Pastor Prentiss arrived and started to replenish the fire in one of the stoves when the pipe fell down and carried with it the top section of the stove. This made an open fire,

which from the outside looked like the house must be in a blaze. The stove was carried out and all dangers of a fire averted, but no services were held that night. In an effort to prevent the pipe from falling, Bro. Prentiss got his right hand badly burned.

Bank Officials Elected.

At a meeting of the stockholders of the Clay City National Bank, Tuesday, January 9, the following directors were elected: M. H. Courtney, J. F. Cox, Chas. Scott, John D. Atkinson, A. T. Whitt. In the afternoon on the same day, the directors held a meeting and elected M. H. Courtney, President; Chas. Scott, Vice President; A. T. Whitt, Cashier.

The officers are the same as last year except A. T. Whitt is made Cashier in the place of J. F. Cox who has become President of the Bowling Green National Bank. Mr. Whitt has been connected with the bank as Assistant Cash-

ier for quite a while, and is therefore fully acquainted with the Cashier's duties. He is a man of sterling qualities and fine business ability, and will keep the bank in the same splendid condition it now enjoys.

More Cement Clay in Powell.

If all reports are true, cement clay has been found in large quantities on the farm of Thomas Welch near Rosslyn 7 miles north-east from this place.

Parties have compared the clay found on Mr. Welch's farm with the Portland cement clay found on the farm of Mrs. R. A. Bohannon and pronounce it to be exactly the same.

That the cement clay is here in quantities to justify the expense of developing is demonstrated beyond a doubt. Great excitement prevails, and judging from the reports that is going through the State we cannot see anything but a brilliant future for "Old Powell County."

From a slight observation we are inclined to think that some liquor is being imported to Clay City, but through strict attention to duty on the part of our officers we believe none is being sold in the city.

In the election of Mr. J. H. O'Rear City Clerk last week the Council could not have selected a more capable or deserving man. He will give the duties of the office that careful attention it so much needs in an up-to-date business like manner.

Quarterly meeting services were held with the Methodist church Sunday morning and Sunday night. Presiding Elder E. G. B. Mann, of Lexington, did the preaching, and delivered two very interesting sermons.

Spilled Her Beauty.

Harriet Howard, of W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at Swann-Day Lbr. Co's store.

George White started Friday morning for Hudson, Illinois to reside in the future. Mr. White had been in Illinois for more than two years when he left there the last of November and came back to Kentucky, thinking he would likely remain here, but at the last decided to return there where he has a good position.

Talking of old Kentucky—the report of Coroner Hoffman, of Chicago, for eleven months of 1905 shows that in that city during this time the enormous number of 187 killings, with not one executed for murder, and not one even convicted. In Chicago it seems that lynch law would beat no law at all.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At Swann-Day Lumber Co's store 25c., guaranteed.

That man who profits by wrong doing always has an excuse for it.

Sickening Shivering Fits

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At Swann-Day Lumber Co's store; price 50c, guaranteed.

A clergyman asserts that a man who receives more than \$25,000 salary is a thief. It was Senator Mark Wade, of Ohio, who said twenty years ago that no honest man could accumulate more than \$50,000.00 in a life time. The editor is free from either imputation to a certainty.

and family, G. W. Lyle Sr., Mr. and Mrs. R. C. Newkirk, Misses Mabel Newkirk, Clyde Wiernman and Myrtie Faught visited Mr. and Mrs. Allen Shouse Sunday.

A company of twenty-five of their friends gathered at the home of Mr and Mrs. G. W. Lyle, Jr. Saturday night and spent a very pleasant evening. About 9 o'clock the company began to speak of some boxes they had brought along which were said to contain many good things to tempt the appetite and we folks having an abundant supply of the aforesaid were not at all slow in arranging on the table the contents which was a sight most pleasing to the eye. We had a splendid time and after supper spent some time in social enjoyment together. We took our departure at 12 o'clock wishing them many happy returns of the day.

As gay a crowd as one could find started for a coon hunt Tuesday night over as rough and crooked a road as they could find. After traveling for a good ways "Alice" and "Barner", two noted coon dogs, gave a few loud barks just above us on a cliff, then there was a calm—all made breathless haste to get there first, expecting nothing short of two coons and a "possum". We got to the dogs only to find them busy scratching and barking in a hole under a large rock. Burk at once cut a long stick and handed it to John, who at once began to twist whatever it might be out. Morgan said "if it is a coon I want it and if it is a wild cat John and Burk may have it". After a few minutes work John twisted "whatever it might be" out which proved only to be a small rabbit which he at once gave to "Alice" and "Barner". To tell the experience in full would be to lengthy, but to make the story short we enjoyed a splendid hunt. We arrived home about 10 o'clock and a more weary and wobegone crowd would be hard to find. The crowd was composed of Messrs John Newkirk, Burk Billings, Morgan Wiernman and Misses Nortie and Nannie Bet Billings, Mabel Newkirk and Mrs. Myrtie Faught.

A dashing sketch of that fascinat-

ing sport—ice-skating—is the subject chosen for the frontispiece in the February New Idea Woman's Magazine. Norah Anderson discusses in an entertaining article, "The Management to Private Theatricals." The first of a series of tales of mystery and adventure "From the Career of Oliver Rayner" appears in this number. "The Walls of Jerico," "is a story by Mabel Craft Deering, of a girl who after many disappointments makes her way with her pen as a result of much hard work and perseverance. A pathetic glimpse into a child's heart balanced by touches of humor which has quaint surroundings afford are told of in the story. "A Beneficent Misfit" by Sarah Puth Quigley. Other articles in this number are "Two Women Inventors," by Julia D. Cowles. "The History of a Papilio Turnus Butterfly," by Ellen Robertson Miller, and "The New Hand Arts" by Mary H. Northend. Harriet Martin adds another practical talk to business women. In the distribution of suitable verse and stories the children have not been forgotten. Two good animal stories will appeal particularly to the young reader. The special article on dress deals with rain and dust coats, several drawings indicating the latest modifications in these garments.

If You ARE A Democrat Or if You are not You will want to read Bryan's Commoner.

ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.

These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.

If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed fourmillion Democratic voters.

The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the Clay City Times and The Commoner on a combined basis for \$1 10.
